RE: Post Consumer Brand – Bowl Demand and Shortages

To Our Valued Customers:

As a result of ongoing competitive supply issues with 1 bread cereal bowls we are continuing to experience unprecedented demand and supply issues with select bowl items. The production line that makes these items are currently running at max capacity in our manufacturing plant.

We expect the issues of supply to resolve itself as our competitors come back on line with their production. We continue to monitor and allocate supply to protect our base business/customers. We apologize for any inconvenience this may have cause and we are working to build back our inventory levels in the weeks to come.

Best Regards,
