August 23, 2021

Dear Customer,

In the spirit of partnership and proactive communication, we need to make you aware that you will very likely experience intermittent shortages thru the remainder of the year on all cream cheese items you purchase from Schreiber. The upcoming months have historically been the highest volume demand for the category, and we are experiencing outages on both raw materials and labor. We will do our best to communicate all shortages with as much notification as possible.

Thank you for your understanding and continued partnership.

Sincerely,

A handwritten signature in cursive script that reads "Erin M. Buntin".

Erin Buntin
Foodservice Sales Director
Schreiber Foods, Inc.
