

INFINITE POSSIBILITIES. ONE FAMILY.

To Our Valued Distributor Partner:

We are writing to inform you of an upcoming product code transition made necessary by the impending change to the ingredient and allergen statements for a few pizza products.

As a result of the ongoing war in Ukraine, the supply of sunflower oil, which is used in this product as a pan releasing agent, has been restricted. Therefore, we must switch to a new pan releasing agent and that change introduces a new **SOY** allergen to the product.

This adjustment to the spray-oil used on pans during the production process **will not affect the composition, quality, or taste of these products. Additionally, the pack sizes and case dimensions of these products will remain the same**

What **will change**:

- **SOY allergen statements** on our labeling and spec sheets
- **Product codes**
- **GTIN numbers (will be available at a later date)**

Detailed below are timeframes to transition purchases to new product codes/GTINs:

Current Product Code	Product Description	EXPECTED TRANSITION TIMELINE	NEW Product Code
00879	16" EXTRA THIN PARBAKED PIZZA CRUST	Mid to Late September	21957
18159	14" THIN CRACKER CRUST 40/7.5OZ	Late October	21960
46106	12" EXTRA THIN PIZZA CRUST	Late September	21961
46123	10" EXTRA THIN PIZZA CRUST	Late September	21962

Thank you for your continued support and partnership.
